

## Notice of 10% Tariff Charges

To all our valued customers and clients,

As you may have likely heard, the Canadian Government has retaliated against the tariffs that the US imposed on steel and aluminum products. The countermeasures which came into effect with no real notice from the government have resulted in a 10% tariff on some of the products we sell. We have questioned and argued some of the classifications as some items are affected, and other almost identical items are not, but we are left with no choice but to pass this on as a direct added cost, **effective immediately.**

The products that we currently know to have incurred this 10% tariff include:

- **Biodegradable Vegetable Plastic Clear Cold Cups & Lids**  
(071AB0 through 071AN0 + matching lids) / (088GA0/BG0 + matching lids) (custom stocked cups)
- **Biodegradable Vegetable Plastic Clear Containers**  
(091BC0/BD0/BF0)
- **Biodegradable Vegetable Plastic Straws**  
(081AWS/AUS/DWS)

*Note – although we are trying to keep our online catalogue up to date, these tariffs are effective immediately and cannot be guaranteed to always be in the catalogue – please review your order confirmations if you are concerned.*

If you have any questions, please contact us.
