

Green Shift™

Make it a GREEN event!

Food Service Product Suggestions

To minimize your impact on the environment, it's always best to use glass/chinaware. When you cannot go the reusable route, Green Shift has you covered with a complete line of authentic biodegradable and compostable alternatives to the all-too-common destructive petroleum plastics. All of our products have been meticulously sourced in order to offer the most environmental solutions on the market. Below you will find a few of the many environmental food service items we offer that will help green your event!

Clear Cold Cups/Lids

Hot Cups/Lids

Accessories

Hot/Cold Plates/Bowls

Takeout/Doggy Bag Options

Napkins/Cutlery

Bowls (cold only)

Behind the Scenes Items

Green Shift also offers a wide range of behind-the-scenes items to help ensure your event is green from top to bottom! Some examples include cleaning products that are void of harmful chemicals, garbage and recycling bags made from a high percentage of post-consumer recycled content, and paper amenities such as bleach free, 100% recycled toilet paper and paper towel.

Ask us for our full catalogue to see the complete list of products we carry, or visit our product [Visual Guide](#) and [Catalogue](#) online.
