# Green Shift™

## Procurement Guidelines & Principles:

- Green Shift™ has spent years educating manufacturers and suppliers about reducing waste, conserving our natural resources, and preserving our natural environment. On an ongoing basis, we ask manufacturers to provide environmental data pertaining to their products and methods (including sources of raw materials, content details, and recyclability of any resulting waste), and we ask them to do lifecycle analyses to determine the most environmental choice.
- Green Shift™ supports, encourages and/or educates companies to minimise packaging and/or develop innovative methods of reusing, reducing and recycling. When packaging is necessary, where possible, Green Shift™ selects companies that use packaging made from renewable resources and/or the highest post consumer recycled materials, avoiding materials processed with harmful and/or unnecessary chemicals.
- Green Shift™ has spent many years educating or pleading with manufacturers to stop using plastic #3 and #6, and in turn has played a major role in persuading businesses across Canada to do the same. Best alternatives are/have been sought and provided on a case by case basis.
- Green Shift™ does its very best to avoid and find alternatives to manufacturers who use unnecessary chemicals or pollution-generating substances. Beyond the obvious avoidance of chlorine or petroleum derivatives, this includes a large and meticulous cross-referencing of chemicals on virtually all databases of safety warnings and "right to know" listings.
- Green Shift™ considers the entire lifecycle of products and services in its purchasing decisions and does its best to operate itself in the most environmentally sensitive manner. This includes careful consideration and balancing of the source of raw materials, the manufacturing process (including waste generation, by-products, water and energy usage and the ethics of the companies that are benefitting from the business), the required transportation, the methods of storage, handling and use of the finished product, and what becomes of the product after it has fulfilled its purpose. Like many small companies, we have limitations on certain aspects of our own processes. For example: we do not own transport fleets, however, we convey a strong message to all of our suppliers and constantly push for improvements.

## Certifications and Third Party Validation:

*Green Shift™ performs its own assessment of goods and services however, a part of that means a cross referencing of other programs. The following is an explanation of what this means.*

-  Canada's Eco Logo signifies Certification by Canada's Environmental Choice Program, as a product that is environmentally preferable: [environmentalchoice.ca](http://environmentalchoice.ca)
-  US Green Seal - third Party validation/Certification of product meeting set criteria: [greenseal.org](http://greenseal.org)
-  Chlorine Free Product Association - signifies that no chlorine is used in the production: [chlorinefreeproducts.org](http://chlorinefreeproducts.org)
-  The Forest Stewardship Council - Reputable validation of sustainable forest practices: [fsc.org](http://fsc.org)
-  European Union Eco-label - signifies Environmentally Preferable Choice: [eco-label.com](http://eco-label.com)
-  No Animal Testing. Our own cross referencing of various Animal Friendly Validations and or written guarantees from manufacturers (because there is no official regulated seal) Note - not listed on products that are not applicable
-  Fair Trade Symbol: signifying that workers were paid a fair price for their wares: [TransFair.ca](http://TransFair.ca)
-  Specifically used for products imported from developing countries where workers are commonly not paid fair wages.
-  Green Shift Insignia - A symbol to identify companies and/or products that are in the category of environmental excellence. Our assessment is an umbrella over multiple certifications. It represents a best of category and a product that we, with the help of the collective Environmental Leaders who are a part of our network, are helping to push and ensure continuous improvements. Most of the products that we endorse and/or supply will have met or exceeded multiple standards but we also developed Green Shift to help identify and support leading products and manufacturers who cannot afford certification but who have been investigated and have participated in either written validation and/or an on-site examination by Green Shift™. The founder of Green Shift is a long time auditor with the US Green Seal and Canada's Eco Logo.

Green Shift Company Logo - Anything and everything sold under the name of Green Shift is done so with the utmost consideration to the full lifecycle impact and thus is an assurance to anyone looking for the most Environmental Choices. Not shown on any individual products as it applies to ALL Products found in the Green Supply House.

## Terms & Conditions:

\* Prices in this catalogue are wholesale, for businesses and organizations who set up an account and intend on (or are normally) buying multiple cases. **Minimum Order for wholesale is \$300. Minimum for Small Wholesale is \$75.** If you are a business who has trouble reaching \$300, your pricing category is Small Volume Wholesale. See more under "Pricing" below.

\* **Prices do not include taxes or shipping & handling.**

\* **Delivery rates** depend on your location, delivery requirements and order frequency. Strong supporters/regular orders = discounts. Details specific to each individual situation will be discussed when setting up your account. Enquire if you have any questions.

\* All prices are based on COD. Longer terms can be established for companies who place monthly orders, after a rapport has been established, if we can be assured that we do not need to spend time and money to collect payment.

\* **Orders received before 12:00 noon generally leave our warehouse the following business day.** Depending on your location(s) you will receive your order the day after your order was placed (ie. 21-29 hours after order cut off), or within 2 - 3 business days if you are in a central area of a different province, anywhere in Canada. Longer times can be expected for remote regions. If you would like an ETA for your location, please email us, with your postal code. Note - orders to BC, ALTA, NS, NFLD, NB can be 2 business days if received before noon (EST) on Thursdays.

\* **Deliveries are made to business addresses between 9am and 5pm Monday through Friday.** If there is a request for restricted hours of delivery, we will always try our best (and often succeed) BUT, if it needs to be guaranteed, additional charges generally are incurred and applied.

\* **Rush Orders** (same day or after cut off) are possible but additional charges apply - varying with how rushed something needs to be.

\* If you have a businesses operating out of a residential address a surcharge may apply as many residential streets do not permit commercial delivery trucks.

\* **Returns and exchanges** are accepted within 45 days of purchase, and must be unopened, in original packaging and accompanied by an invoice. Making arrangements for a return is the responsibility of the client and may be subject to a 20% restocking charge. If there is a problem with the product or an error made on our part, please submit a notice in writing (by email) to operations@Green Shift.ca / cc orders@GreenSupplyHouse.com and Green Shift™ will collect the item and provide a prompt full refund.

**\*\*\* Daily order cut off is 12:00pm (EST) \*\*\***

## Prices:

The Green Supply House™ is a commercial outlet. **This catalogue shows 2 pricing categories - Standard Wholesale and Small Wholesale. Standard has a minimum order of \$300. Small Volume (aka SM. Vol. noted in right hand column) has a minimum order of \$75.** If you are a business but only want the odd product here and there, you can purchase as a "one off buyer" without an account at 5% above the pricing of the Small Wholesale category. We also have Retail Pricing for individuals - inquire if interested. We alternatively can direct you to retailers who carry our products. For companies and organizations large and small who become regular, we have an eco points system that translates into added discounts. Please inquire or we will let you know if your account is flagged as reaching this status and/or if an order comes in where a discount can be applied.

\* **If you are a distributor** or a large volume buyer, please contact us to discuss pricing.

## Guarantees:

Green Shift™ stands behind the quality of all products sold through the Green Supply House™. If something does not meet your expectations please tell us. We will do everything we can to rectify the problem in a sensitive and timely fashion. The most important guarantee that comes with anything from Green Shift™ is that your purchasing dollars go layers beneath the surface. Sales are a means to an end for us, not an end in itself. In addition to a lot of time in pioneering work and expertise in sourcing, screening and educating, we put a lot of time and expense into monitoring and pushing for environmental improvements. Although we have made a lot of headway, there is always more to be done. Despite these additional costs, we strive to be very competitive with companies who do not put any time into this and those who offset the costs of environmental products with non eco products. If our prices are ever perceived as anything but fair we would appreciate hearing about it as market conditions are always changing and we need to stay onto the manufacturers. We sincerely hope you will help us with our fight for environmental stewardship inside of an industry that has constant pressure to cut corners and pull us back to non environmental products. We thank you in advance for helping us to grow a strong collective voice for social and environmental well being!

# Product Categories

## Page

- 5 Office Supplies - Paper Stock:** Variety of Copy & Writing Paper ranging from a minimum of 30% Post Consumer Recycled Content to 100% Post Consumer and Tree Free. Also a line of folders and envelopes – please enquire for details.

## Section 3

## Cleaning

## Multi-Purpose Cleaners:

NO Animal Testing, VOC's, petrochemicals, phosphates, dyes, synthetic fragrances or preservatives	Std Whol	Sm. Vol.
031AB0 <b>Regular Multi-purpose:</b> (4 x 4ltr) - 16ltr/cs Ultra Multi Purpose, Scent Free - excellent all-purpose cleaner sold in concentrate formula, designed for multi-purpose and multi dilutions. 100% biodegradable, renewable resources, Certified Eco-Choice No Testing on Animals. Rated Non hazardous by WHMIS/OSHA, No EDTA or NTA! Great for hardwood floors, linoleum, carpets, counters, windows, mirrors, toilets... everything!	\$104.00	\$135.20
031AC0 <b>All Purpose:</b> Prediluted / Non Concentrated - Green Cricket - 4 x 4ltr EcoLogo certified: meets Green Building cleaning standards. Does not contain phosphates, methyl-based preservatives, artificial fragrances or colours but does have a nice naturally derived grapefruit mandarin scent, from natural aromatherapy oils. Made in Canada	\$47.00	\$61.10
031BA0 <b>Heavy Duty Cleaner &amp; Degreaser:</b> (4 x 4ltr) - 16ltr/cs WHMIS Exempt, No EDTA, No NTA, No Phosphates, and none of the main concerning chemicals. Certified by Canada's Environmental Choice Program under ECP33 - not quite as eco as the Multi Purpose (031AB0) but still one of the most eco options for a heavy duty multi-purpose on the market.	\$104.80	\$136.24
S31CB0 <b>Winter Neutralizer:</b> Cleaner/Salt Stain Remover (4 x 4ltr) - 16ltr/cs **Speical Order Item ** Certified with Canada's Environmental Choice Program	\$43.00	\$55.90

## Hand Soap:

Biodegradable, 100% Plant Based Ingredients, Made in Canada, Not test on Animals	Std Whol	Sm. Vol.
Biodegradable, Non Toxic, People and Planet safe. No Testing on Animals! No EDTA, No NTA, No NPE's, No Sodium Lauryl Sulfate, No Sodium Laureth Sulfate, No Phosphates, No artificial fragrances, No unnecessary chemical additives. Carefully manufactured to omit all of the chemicals that are harmful to people or the environment (omitting any chemicals that have ever been suspected of causing cancer, drying, defatting and/or irritating).WHMIS exempt – complies with all EPA, USDA, and MIOSHA regulations. Refill system helps the environment and reduces waste cost.		
033AF0 <b>Foaming Hand Wash:</b> Fragrance Free, Diluted - New Green Cricket Product! (4 x 4ltr) - 16ltr/cs	\$109.80	\$142.74
033AG0 <b>Foaming Hand Wash:</b> Grapefruit Mandarin, Diluted - New Green Cricket Product! (4 x 4ltr) - 16ltr/cs	\$109.80	\$142.74
033AG2 <b>Foaming Hand Wash:</b> Prefilled Inserts: Grapefruit Mandarin, Diluted, Green Cricket (6 x 1ltr) - 6ltr/cs	\$74.90	\$97.37
Note: Foaming Hand Wash provides 2-3x more hand washes than liquid hand soap.		
* The Green Cricket products are excellent "spa like" quality. Also, it is the only foaming hand soap in Canada to be certified "Food Safe" by the Food Inspection Agency of Canada		
033AA0 <b>Unscented Liquid Soap:</b> White (4 x 4ltr) - 16ltr/cs * meets all of the above EXCEPT it does contain Sodium Lauryl Sulfate. Great eco alternaitve to typical "pink soap" in bars/restaurants. Ideal for refilling dispensers.	\$39.80	\$51.74

## Section 3 Cleaning

### Disinfectant & Deoderizer:

Biodegradable, 100% Plant Based Ingredients, "Food Grade". CFIA S432, Not test on Animals	Std Whol	Sm. Vol.
034BA0 <b>Benefect:</b> All Natural Botanical Disinfectant, Ready to Use/not concentrate - 4x4ltrs	\$150.00	\$195.00
<p>Benefect is an exceptional natural disinfectant and deoderizer; made from essential oils, primarily Thyme Oil, and surpasses the government's germ killing requirements for hospital disinfectants. More importantly, it actually is a legitimate replacement for extremely harsh and dangerous chemicals that otherwise are used to kill germs, such as synthetic quaternary ammonia or chlorine. Benefect is truly safe, and effective! Everyone should know about this product!</p>		

### Urinal Pucks:

Enzymatic Non Para pucks to replace cancer causing paradichlorobenzene.	Std Whol	Sm. Vol.

FENM210 <b>Fence: Bamboo, Mahogany, 300Wx210Hx3cm (6'11")</b>	\$159.00	\$206.70

## Custom Printed items - Labels, Cups, Napkins & More

We do a wide variety of custom printed items. Hot and Cold Cups, Napkins, coffee sleeves, recycling bins, biodegradable labels, etc. Most items require a minimum of 50,000 units for custom printing but custom labels can be done, economically, in as few as 10,000. More information is available upon request.

## Off List Items

\*\* We offer other items that we call "off list" because they may only be stocked as a special item or brought in with an advanced order. In particular this applies to items that are similar to what you see in our catalogue but in different sizes and shapes, but it also includes things like recycling bins and dispensers. In other words, our manufacturers often have many sizes or shapes that we do not choose unless we perceive a void or a demand. Some of these are listed in the catalogue and identified with an "S" for Special Order at the front of the item code but there are too many to list. These are all quoted individually based on what the item is and what volume you would be purchasing it in. Please enquire if interested.
