- Other / Off List: Green Shift has been building a database of eco alternatives since the mid 90's. Other, non list items are brokered direct from manufacturers or supplied for special orders. Some are listed, some are not. If there is something you are looking for, or would like to have researched, please ask.
- 18** Clearance or Promotional Sale: Various Products. Check it out / take advantage of savings!

Codes beginning with an S = Special Order / all else is regularly stocked

Green Shift™

Procurement Guidelines & Principles:

- Green Shift™ has spent years educating manufacturers and suppliers about reducing waste, conserving our natural resources, and preserving our natural environment. On an ongoing basis, we ask manufacturers to provide environmental data pertaining to their products and methods (including sources of raw materials, content details, and recyclability of any resulting waste), and we ask them to do lifecycle analyses to determine the most environmental choice.
- Green Shift™ supports, encourages and/or educates companies to minimise packaging and/or develop innovative methods of reusing, reducing and recycling. When packaging is necessary, where possible, Green Shift™ selects companies that use packaging made from renewable resources and/or the highest post consumer recycled materials, avoiding materials processed with harmful and/or unnecessary chemicals.
- Green Shift™ has spent many years educating or pleading with manufacturers to stop using plastic #3 and #6, and in turn has played a major role in persuading businesses across Canada to do the same. Best alternatives are/have been sought and provided on a case by case basis.
- Green Shift™ does its very best to avoid and find alternatives to manufacturers who use unnecessary chemicals or pollution-generating substances. Beyond the obvious avoidance of chlorine or petroleum derivatives, this includes a large and meticulous cross-referencing of chemicals on virtually all databases of safety warnings and "right to know" listings.
- Green Shift™ considers the entire lifecycle of products and services in its purchasing decisions and does its best to operate itself in the most environmentally sensitive manner. This includes careful consideration and balancing of the source of raw materials, the manufacturing process (including waste generation, by-products, water and energy usage and the ethics of the companies that are benefitting from the business), the required transportation, the methods of storage, handling and use of the finished product, and what becomes of the product after it has fulfilled its purpose. Like many small companies, we have limitations on certain aspects of our own processes. For example: we do not own transport fleets, however, we convey a strong message to all of our suppliers and constantly push for improvements.

Certifications and Third Party Validation:

Green Shift™ performs its own assessment of goods and services however, a part of that means a cross referencing of other programs. The following is an explanation of what this means.

Canada's Eco Logo signifies Certification by Canada's Environmental Choice Program, as a product that is environmentally preferable: environmentalchoice.ca

US Green Seal - third Party validation/Certification of product meeting set criteria: greenseal.org

Chlorine Free Product Association - signifies that no chlorine is used in the production: chlorinefreeproducts.org

The Forest Stewardship Council - Reputable validation of sustainable forest practices: fsc.org

European Union Eco-label - signifies Environmentally Preferable Choice: eco-label.com

No Animal Testing. Our own cross referencing of various Animal Friendly Validations and or written guarantees from manufacturers (because there is no official regulated seal) Note - not listed on products that are not applicable

Fair Trade Symbol: signifying that workers were paid a fair price for their wares: TransFair.ca
Specifically used for products imported from developing countries where workers are commonly not paid fair wages.

The BPI certification is a science-based testing & validation of a material being compostable in a commercial facility & leaving NO toxic or plastic remnants

Green Shift Insignia - A symbol to identify companies and/or products that are in the category of environmental excellence. Our assessment is an umbrella over multiple certifications. It represents a best of category and a product that we, with the help of the collective Environmental Leaders who are a part of our network, are helping to push and ensure continuous improvements.

Green Shift Company Logo - Anything and everything sold under the name of Green Shift is done so with the utmost consideration to the full lifecycle impact and thus is an assurance to anyone looking for the most Environmental Choices. Not shown on any individual products as it applies to ALL Products found in the Green Supply House.

Terms & Conditions:

- * **Prices do not include taxes or delivery.** Delivery is subsidized, depending on size of account, order size & pricing category. See more info. below.
- * **Payment Methods:** We accept Visa, Mastercard, Email-Transfers, EFT (Electronic Funds Transfer) & Cheques.
- * **Payment Terms:** The default is pre-payment. If you are regular and we develop a strong rapport and there is a reason to consider alternatives, we can discuss.
- * **Delivery rates:** This depends on your location, delivery requirements and pricing category, .L30 and L40 category have a higher percentage of delivery built into the pricing. L50 subsidies only kick in on orders over \$600. The Pricing Categories are designed to offer the best package, including delivery rates & subsidies, to match the size & frequency of ordering. See Pricing info below for more info. Details specific to each individual situation can be discussed when setting up your account. Enquire if you have any questions.
- * **Timing for Delivery:** This will depend on your location. Most of central Ontario has a 1-2 day delivery time, Quebec, Manitoba & Saskatchewan 2-4 days, Alberta, BC, NB, NS, PEI, NFLD, Labrador or Nunavit typically 4-6 days. In general, central cities across the country can expect faster times than remote regions. Note - orders to BC, ALTA, NS, NFLD, NB can sometimes be 2-3 business days if received before noon (EST) on Wednesdays. Since deliveries can be held up due to weather or unforeseen circumstances, it is advisable to leave yourself a buffer.
- * **Deliveries are made to business addresses between 9am and 5pm Monday through Friday.** If there is a request for restricted hours of delivery, we will always try our best (and often succeed) BUT, if it needs to be guaranteed, additional charges generally are incurred and applied.
- * **Order Cut Off is 12 noon each day.** Orders ready to process at 12:00 noon generally leave our warehouse the following business day. Issues can occasionally arise that prevents this. Issues include: missing item codes/any uncertainty of what is being ordered, questions, payment challenges, time restrictions on delivery, timing of inventory, space on truck, route planning, etc.
- * **Minimum Order:** The minimum order for L20 & L30 is \$75 The minimum order for L40 & L50 is \$300.
- * **Rush Orders:** If an order is received AFTER cut off and NEEDS to leave our warehouse the following day, the warehouse charges a \$40 Rush Pick Fee. If you need the delivery service to be expedited, the added delivery fees would depend on the degree of rush, and the # of boxes that are being rushed. Prices can only be determined when we know those 2 factors.
- * If you have a businesses operating out of a residential address, an authorization to leave unattended form must be signed. L50 pricing category has a surcharge for residential addresses as delivery is designed for larger trucks that are not allowed on residential streets. Other pricing categories do not incur a surcharge as orders are smaller and deliverytrucks are smaller.
- * **Returns and exchanges** are accepted within 30 days of purchase, and must be unopened, in original packaging and accompanied by an invoice. Making arrangements for a return is the responsibility of the client and may be subject to a 20% restocking charge. If there is a problem with the product or an error made on our part, please submit a notice in writing (by email) to [operations@Green Shift.ca](mailto:operations@GreenShift.ca) / cc orders@GreenSupplyHouse.com and Green Shift™ will collect the item and provide a prompt full refund. If you need to return something, please fill out / submit the RMA form / send it to operations@GreenShift.ca.

Guarantees:

Green Shift™ stands behind the quality of all products sold through the Green Supply House™. If something does not meet your expectations please tell us. We will do everything we can to rectify the problem in a sensitive and timely fashion. The most important guarantee that comes with anything from Green Shift™ is that your purchasing dollars go layers beneath the surface. Sales are a means to an end for us, not an end in itself. In addition to a lot of time in pioneering work and expertise in sourcing, screening and educating, we put a lot of time and expense into monitoring and pushing for environmental improvements. Although we have made a lot of headway, there is always more to be done. Despite these additional costs, we strive to be very competitive with companies who do not put any time into this and those who offset the costs of environmental products with non eco products. If our prices are ever perceived as anything but fair we would appreciate hearing about it as market conditions are always changing and we need to stay onto the manufacturers. We sincerely hope you will help us with our fight for environmental stewardship inside of an industry that has constant pressure to cut corners and pull us back to non environmental products. We thank you in advance for helping us to grow a strong collective voice for social and environmental well being!

Price Levels:

We have designed pricing levels to match what we have found people / companies are looking for. While everyone wants the lowest price, some people prefer the delivery cost to be built in, some want lower minimum orders, some care more about the ability for exceptionally fast, complete orders with top notch customer service.

It follows that we have designed pricing categories to offer the best combination of delivery rates, minimum orders, and pricing per case. 6 categories are explained below but this catalogue is designed for wholesale account holders so only L30, L40 and L50 are shown in the following pages of the catalogue pricing.

L10 is for INDIVIDUALS / NON BUSINESS / NO ACCOUNT. It is not shown in the catalogue but it is a simple pre-paid transaction. Min. order is \$25 and delivery is a flat fee of \$30 for most central locations across Canada.

L20 is for BUSINESSES & ORGANIZATIONS who **do not have an account**. It is not shown in the catalogue but it is a simple pre-paid transaction that can be done immediately for companies without an account. Call or email for a quote! Min. Order is \$75. Delivery is subsidized on orders over \$300.

L30 is for BUSINESSES & ORGANIZATIONS who **have an account** but are irregular, just get a few things here and there. Min. Order is \$75. Delivery is subsidized on orders over \$300.

L40 is for BUSINESSES & ORGANIZATIONS who **have an account**, who look to us as their regular supplier. Orders may be small but frequent or larger & less frequent, but still repeat & with a positive mutually supportive relationship. **(Annually between \$3000 - \$15,000/year)**. Min Order is \$300. Delivery is subsidized on all orders.

L50 is for BUSINESSES & ORGANIZATIONS with an account **ordering regularly between \$600 - \$5000/order (Minimum of 15,000/yr, commonly much larger)**. Min Order is \$300. Delivery is subsidized on a sliding scale, on orders >\$600, increasingly so at thresholds for every \$1000 (1K, 2K, 3K, 4K etc.). Orders < \$600 have a min delivery fee / no delivery subsidy.

L6X is for DISTRIBUTORS/RESELLERS. Prices are FOB our warehouse. Pick-Up or Delivery at cost + 5%

** **Price categories are assigned** to your account based on information gathering at the time of setting up your account and/or are adjusted based on periodic reviews of the accounts. **If you feel that you are in an incorrect category**, please submit your reasoning to accounting@GreenShift.ca and we will review the account to ensure that you are in the correct category.*

** If you are looking for custom pricing or special orders, or do not fit one of the categories described, please contact us to discuss.*

How to Order:

1. Set up an Account by filling out and submitting our account application form - this will ensure we have all of your delivery details and contact information properly set up in the system. You can get an application by calling or emailing us at: 416.925.9665 / 1.888.925.9665 / info@GreenShift.ca.

** **If you do not want to bother to set up and account** and only want the odd product here and there, you can purchase as a "one off buyer" without an account - call or email us with what you would like and we will send you a quote.*

2. Submit a PO or Fill out a generic order form either by hand or electronically. Save the order and keep it on file so that on each order you can simply change the date and the quantities desired.

ALTERNATIVELY you can call us to order by phone: we will enter it and have us enter it and email it back to you back a confirmation. Note - you can alternatively send the items you want in the body of an email, or call us on the phone.

3. Email the order to Orders@GreenSupplyHouse.com. Provided it comes in on your letter head or from an authorized purchaser, with item codes, it will be processed without delay.

Section 1

FENM210 Fence: Bamboo, Mahogany, 300Wx210Hx3cm (6'11")	\$159.00

Custom Printed items - Labels, Cups, Napkins & More

We do a wide variety of custom printed items. Hot and Cold Cups, Napkins, coffee sleeves, recycling bins, biodegradable labels, etc. Most items require a minimum of 50,000 units for custom printing but custom labels can be done, economically, in as few as 10,000. More information is available upon request.

Off List Items

** We offer other items that we call "off list" because they may only be stocked as a special item or brought in with an advanced order. In particular this applies to items that are similar to what you see in our catalogue but in different sizes and shapes, but it also includes things like recycling bins and dispensers. In other words, our manufacturers often have many sizes or shapes that we do not choose unless we perceive a void or a demand. Some of these are listed in the catalogue and identified with an "S" for Special Order at the front of the item code but there are too many to list. These are all quoted individually based on what the item is and what volume you would be purchasing it in. Please enquire if interested.
